OF THE REPUBLIC
OF UZBEKISTAN

REPUBLICAN SPECIALIZED
SCIENTIFIC-PRACTICAL MEDICAL
CENTER OF PEDIATRICS

TASHKENT PEDIATRIC
MEDICAL INSTITUTE

PROGRAM

October 4-6, 2024

IX

CONGRESS OF PEDIATRICIANS OF UZBEKISTAN

**"CURRENT ISSUES IN PEDIATRICS AT THE MODERN STAGE
OF REFORMING THE HEALTHCARE SYSTEM
OF THE REPUBLIC OF UZBEKISTAN"**

Location:

Uzbekistan, Tashkent,
Shakhrisabz Street 2,
Hotel InterContinental «Trilliant»

www.pediatriya.uz

DEAR COLLEAGUES!

We invite you to participate in the

**IX CONGRESS OF PEDIATRICIANS OF UZBEKISTAN
"CURRENT ISSUES IN PEDIATRICS AT THE MODERN STAGE OF
REFORMING THE HEALTHCARE SYSTEM OF THE REPUBLIC OF
UZBEKISTAN"**

which will be held from October 4-6, 2024 in Tashkent.

The Congress is being held as part of the implementation of the Presidential Decree of the Republic of Uzbekistan №PD-60 dated January 28, 2022, "On the Development Strategy of New Uzbekistan for 2022-2026," as well as the Presidential Resolutions №PR-296 from September 8, 2023, "On measures to protect maternal and child health, strengthen the reproductive health of the population," №PR-5199 from July 28, 2021, "On measures for further development of specialized medical care in the healthcare system," №PR-4310 from May 6, 2019, "On measures for the further development of medical and pharmaceutical education and science," and №PR-4891 from November 12, 2020, "On additional measures to ensure public health by further enhancing the effectiveness of medical preventive work."

The goal of the Congress is to discuss the achievements of the past five years and the prospects for the coming years in the field of children's health care in Uzbekistan.

As part of the Congress, there will be sectional meetings, satellite conferences, and masterclasses on priority areas in pediatrics, pediatric surgery, and otorhinolaryngology, with the participation of internationally recognized scientists from abroad.

The Congress will be attended by health care organizers, heads, and specialists from multidisciplinary children's medical centers, perinatal centers, leading experts and scientists in child health from all regions of Uzbekistan. Representatives of international, public, and non-governmental organizations, as well as prominent organizers, scientists, and specialists from well-known medical universities, centers, and clinics around the world, will also participate.

PROGRAM SCHEDULE
IX CONGRESS OF PEDIATRICIANS OF UZBEKISTAN
"CURRENT ISSUES IN PEDIATRICS AT THE MODERN STAGE OF HEALTHCARE
SYSTEM REFORMS IN THE REPUBLIC OF UZBEKISTAN"

OCTOBER 4-5, 2024

Date	Time	Event	Venue
October 4	08:30-09:45	Registration of participants	
	10:00-11:00	Official opening of the congress. Greetings and congratulations	Ballroom-1 Hall
	11:00-11:20	Coffee Break	
	11:20-12:00	Plenary session	Ballroom-1 Hall
	12:00-13:00	Lunch	
	13:00-17:45	Sectional Session №1 Modern trends in pediatrics: innovative approaches to diagnosis and treatment of childhood diseases	Ballroom-1 Hall
	13:00-17:45	Sectional Session №2 Measures for further development and achievement of high-quality services in childhood diseases	Syrdarya Hall 3 (1st floor)
	13:00-16:30	Sectional Session №3 Modern approaches to the diagnosis and treatment of ear, throat, and voice disorders in children using innovative technologies for cochlear and reconstructive surgery	Syrdarya Hall 1-2 (1st floor)
	16:30-18:30	Sectional Session №4 Global perspectives on the development of pediatric surgery	Conference hall of TashPMI
October 5	09:00-17:30	Sectional Session №5 Current directions in pediatrics: measures for improvement and ensuring high-quality medical care for children	RSSPMCP, Large Conference Hall
	09:00-11:30	Sectional Session №6 Modern approaches and innovations in the surgical treatment of congenital and acquired diseases in children	RSSPMCP, Small Conference Hall
	08:30-13:30	Sectional Session №7 Modern approaches and international cooperation in reconstructive surgery and otorhinolaryngology with consideration of regional features	RSSPMCP, Hepatology Department Conference Hall
	13:00-14:00	Lunch	RSSPMCP
	14:00-16:30	Satellite Conference №1 Food allergies and intolerances	RSSPMCP, Neonatology Department Conference Hall
	15:00-16:20	Satellite Conference №2 Is there room for innovation in pediatric nutrition?	Hyatt Regency Tashkent

Date	Time	Event	Venue
	09:00-16:00	Masterclass №1 Video-assisted surgery of anorectal and biliodigestive pathologies	RSSPMCP, Department of Pediatric Surgery
	10:00-17:00	Masterclass №2 Current issues in phoniatrics	RSSPMC of Otolaryngology and Head and Neck Diseases
	09:00-12:00	Masterclass №3 Venous access in newborns: modern methods and approaches	RSSPMCP, Neonatology Department Conference Hall
October 6	09:00-14:00	Masterclass №4 Video-assisted correction of anorectal pathologies and Hirschsprung's disease	RSSPMCP, Department of Pediatric Surgery
		Cultural program - trip to Bukhara	

October 4, 2024

**FORMAL OPENING OF THE CONGRESS
WELCOME AND CONGRATULATORY REMARKS
10.00-11.00**

Minister of Health of the Republic of Uzbekistan-	Asilbek Anvarovich Khudayarov
Head of Health and Child Development Section, UNICEF in Uzbekistan	Maria Vivas
Senior Portfolio Manager in Health and Social Protection, Uzbekistan (KfW)	Vitalis Ritter
Head of the Sisli Hamidiye Etfal Research and Training Hospital (Istanbul)	Ozgur Yigit
President of the International Federation of Otorhinolaryngological Societies (IFOS)	Hussein Abdulrahman Al Rand
Honored Doctor of Russia, Head of the Department of Pediatrics, Russian Medical Academy of Continuous Professional Education, Ministry of Health of Russia, Honorary Professor of the Research Center for Children's Health, DSc, Honorary Professor of RSSPMCP (Moscow, Russia)	Irina Nikolaevna Zakharova
Deputy Director for Innovation, St. Petersburg Research Institute of Ear, Throat, Nose, and Speech, Ministry of Health, RF	Vladislav Evgenievich Kuzovkov

Deputy Director for International Relations and Innovation, Federal State Budgetary Institution "The National Medical Research Center for Otorhinolaryngology of the Federal Medico-Biological Agency of Russia	Diab Hassan Mohammad Ali
Ceremony of awarding European certificates from CERT International s.r.o. (Slovakia), confirming the compliance of the "Republican Specialized Scientific and Practical Medical Center of Pediatrics" with ISO 7101:2023 standards for quality management systems in healthcare organizations	Welcome speech by a representative of the accreditation commission
Coffee Break 11:00 - 11:20	

**Plenary Session
11:20 – 12:00**

Time	Presentation Title	Speaker
11:20-11:30	Child Health in Uzbekistan: Actions, Problems, and Goals Set within the Framework of Strategy-2030.	Elmira Irkinovna Basitkhanova , Deputy Minister of Health of the Republic of Uzbekistan
11:30-11:40	Training pediatricians in the context of modern healthcare.	Batir Turgunpulatovich Daminov , Rector of TashPMI, DSc, Professor (Tashkent, Uzbekistan)
11:40-12:00	International Relations in Improving the Quality of Treatment for Patients with Hearing Impairments.	Hussein Abdul Rahman Al Rand , President of the International Federation of Otorhinolaryngological Societies (UAE)
Break (Lunch) 12:00-13:00		

Session №1

**MODERN TRENDS IN PEDIATRICS: INNOVATIVE APPROACHES TO
DIAGNOSIS AND TREATMENT OF CHILDHOOD DISEASES**

13:00–17:45

Venue: Ballroom-1

Moderators: prof. Daminov B.T. (Uzbekistan), prof. Shamsiev F.M. (Uzbekistan),
prof. Akhmedova D.I. (Uzbekistan), prof. Zakharova I.N. (Moscow, Russia)

Time	Presentation Title	Speaker
13:00-13:15	Prognostic and therapeutic aspects of cardiomyopathies in children depending on health determinants.	Dilorom Ilhamovna Akhmedova , DSc, professor (TashPMI, Uzbekistan)
13:15-13:30	Organizational aspects of universal newborn screening in Uzbekistan.	Flora Ilyasovna Inoyatova , Head of the Program for universal newborn hearing screening, cochlear implantation in children and their rehabilitation in Uzbekistan, DSc, Academician of the

Time	Presentation Title	Speaker
		Academy of Sciences of Uzbekistan (RSSPMCP, Uzbekistan) Primako V.I. (PhD)
13:30-13:45	Organization of breastfeeding in children who experienced birth asphyxia.	Denis Valeryevich Aksenov , Head of the Department of Pathology of Newborns and Premature Babies, Balashikha Maternity Hospital (Balashikha, Russia)
13:45-14:00	Why modern mothers don't breastfeed.	Irina Nikolaevna Zakharova , professor, Honored Doctor of Russia, Head of the Department of Pediatrics, Russian Medical Academy of Continuous Professional Education, Ministry of Health of Russia, Honorary Professor of RSSPMCP, DSc (Moscow, Russia)
14:00-14:10	Metabolic problems in newborns with low and high birth weight.	Sabina Zahrob Gizi Garaeva , Associate professor of the Department of Pediatrics №1, Azerbaijan Medical University, DSc, Aliyeva Ulviya (Baku, Azerbaijan)
14:10-14:20	The role of the UGT1A1 gene polymorphism in the development of unconjugated hyperbilirubinemia in children.	Kamola Shavkatovna Salikhova , DSc, Agzamkhodzhaeva B.U. (RSSPMCP, Uzbekistan)
14:20-14:30	Management tactics of newborns with hyperbilirubinemia from hospital to clinic.	Denis Valeryevich Aksenov , Head of the Department of Pathology of Newborns and Premature Infants at Balashikha Maternity Hospital, Moscow Region (Balashikha, Russia)
14:30-14:40	Actual problems of neonatal nephrology.	Klara Ravshanovna Dilmuradova , Associate Professor of the Faculty of Postgraduate Education, SamSMU, Head of the Neonatology Course, DSc (Samarkand, Uzbekistan)
14:40-14:55	Cough management in children with acute respiratory infections: modern possibilities and approaches.	Furkat Mukhitdinovich Shamsiev , DSc, professor (RSSPMCP, Uzbekistan)
14:55-15:10	Acoustic diagnosis of pneumonia: improvement of traditional approaches in pediatrics.	Yuriy Vladimirovich Marushko , Head of the Department of Pediatrics, Postgraduate Education, Professor of Bogomolets National Medical University, DSc, Khomich O.V. (Ukraine, Russia) ONLINE
15:10-15:20	Perinatal lesions of the nervous system in children and their consequences.	Yakutkhon Nabievna Madjidova , DSc, professor (TashPMI, Uzbekistan)
15:20-15:30	Infantile colic. The facets of the problem.	Valeriya Pavlovna Novikova , Head of the Department of Pediatric Propedeutics with a course of general child care, SPbSPMU, DSc, professor, Magamedova

Time	Presentation Title	Speaker
		D.M., Blinov A.E. (Saint Petersburg, Russia)
15:30-15:40	20 years with special children. Projects and plans of the BI Foundation.	Ulzhalgas Medetovna Mukhambetova , Head of the Development Department of the BI Zhuldizay Corporate Foundation (Astana, Kazakhstan)
15:40-15:50	Thalassemia prevention and control in developing countries.	Suthat Fucharoen , Honorary Professor of Samitivej Clinic (Thailand)
15:50-16:00	From understanding the pathogenesis to new therapy: what's new in the diagnosis and treatment of celiac disease (based on materials of 56 ESPGHAN Annual Meeting, may 15-18, 2024).	Altinoy Tursunbaevna Kamilova , DSc, professor (RSSPMCP, Uzbekistan)
16:00-16:10	Clinical and laboratory capabilities of diagnosing primary immunodeficiencies in Uzbekistan.	Adolat Abdurakhimovna Ismailova , Institute of Immunology and Genomics, Academy of Sciences of Uzbekistan, DSc, Professor (Uzbekistan)
16:10-16:20	Whole-genome sequencing for the diagnosis of genetic diseases in children.	Boutros Marun , PhD, Senior Medical Expert in the Asia-Pacific Region (United Arab Emirates)
16:20-16:30	Prevention of respiratory syncytial virus infection and premature infants and children at risk.	Balashova Elena Demyanovna , head. Department of follow-up observation of premature babies of the Morozov Children's City Clinical Hospital of the Department of Health, PhD. (Moscow, Russia)
16:30-16:40	Lung involvement in primary immunodeficiencies in children.	Alla Alexandrovna Kuznetsova , Associate Professor, Professor of the Department of Faculty Pediatrics, SPbSPMU (Saint Petersburg, Russia) ONLINE
16:40-16:50	This great and terrible microplastic.	Irina Nikolaevna Zakharova , professor, Honored Doctor of Russia, Head of the Department of Pediatrics, Russian Medical Academy of Continuous Professional Education, Ministry of Health of Russia, Honorary Professor of RSSPMCP, DSc, (Moscow, Russia)
16:50-17:00	Differential approach to diagnostics and therapy for mental retardation (psychospeech development delay) in children.	Shomansurov Shoanvar Shomuradovich , DSc, Professor (CDPQMW, Uzbekistan)
17:00-17:10	Modern methods of treating osteogenesis imperfecta in children in the Republic of Uzbekistan.	Akbar Burievich Tilyakov , DSc, Ruziev N.T., Yuldashev A.J. (RCCO, Uzbekistan)

Time	Presentation Title	Speaker
17:10-17:20	Childhood pneumonia. Respiratory mycoplasmosis.	Svetlana Petrovna Kokoreva , Head of the Department of Infectious Diseases, Federal State Budgetary Educational Institution of Higher Education Voronezh State Medical University named after N.N. Burdenko, Ministry of Health of Russia, DSc, Razuvaev O.A., Kotlova V.B., Razuvaeva Yu.Yu. (Voronezh, Russia) ONLINE
17:20-17:30	Problems of childhood tuberculosis in the post-COVID period.	Larisa Alexandrovna Gorbach , PhD, Associate Professor, Scientific Secretary of the Republican Scientific and Practical Center "Mother and Child" (Minsk, Belarus) ONLINE
17:30-17:45	Discussion	

Sectional Meeting №2
MEASURES FOR FURTHER DEVELOPMENT AND ACHIEVEMENT OF HIGH-QUALITY SERVICES IN CHILDHOOD DISEASES

13:00-17:45

Venue: Syrdarya-3 hall (1st floor)

Moderators: Prof. Kondratyeva E.I. (Russia), Pampura A.N. (Moscow, Russia), Prof. Kamilova A.T. (Uzbekistan), DSc Akhmedova I.M. (Uzbekistan)

Time	Presentation Title	Speaker
13:00-13:15	Rational allergodiagnosis in children.	Alexander Nikolaevich Pampura , professor of the Department of Pediatrics named after Academician G.N. Speransky, RMACPE, Ministry of Health of Russia (Moscow, Russia)
13:15-13:30	Eating behavior and health status of school-age children.	Elena Anatolyevna Balashova , professor of the Department of Hospital Pediatrics, SamSMU, DSc, A.A. Pogodina (Samara, Russia) ONLINE
13:30-13:45	Chronic pancreatic insufficiency.	Elena Ivanovna Kondratyeva , Head of the Scientific and Clinical Department of Cystic Fibrosis, Head of the Department of Genetics of Respiratory Diseases Institute of Higher and Continuing Professional Education of the Federal State Budgetary Scientific Institution "Medical Genetics Research Center", Deputy Director for Science "Research Clinical

Time	Presentation Title	Speaker
		Institute of Childhood of the Ministry of Health of the Moscow Region"DSc, professor (Moscow, Russia)
13:45-14:00	Food intolerance and food allergy. How to suspect and diagnose.	Margarita Mikhailovna Gurova , DSc, professor of the Department of Propedeutics of Children's Diseases, SPbSPMU (Saint Petersburg, Russia) ONLINE
14:00-14:15	Iron overload and iron chelation therapy.	Suthat Fucharoen , Honorary professor, Samitivej Clinic (Thailand)
14:15-14:30	Diagnosis and treatment of orphan diseases. Experience from Turkey.	Feride İffet Şehin , professor at the Smart Genetics Laboratory (Ankara, Turkey)
14:30-14:45	Assessment of the quality of life of children and adolescents who have suffered from acute respiratory, intestinal, and herpesvirus infections.	Sergey Georgievich Gorbunov , professor of the Department of Pediatric Infectious Diseases, RMACPE (Moscow, Russia) ONLINE
14:45-15:00	Cystic fibrosis and primary ciliary dyskinesia as models for the diagnosis and therapy of orphan diseases.	Elena Ivanovna Kondratyeva , Head of the Scientific and Clinical Department of Cystic Fibrosis, Head of the Department of Genetics of Respiratory Diseases Institute of Higher and Continuing Professional Education of the Federal State Budgetary Scientific Institution "Medical Genetics Research Center", Deputy Director for Science "Research Clinical Institute of Childhood of the Ministry of Health of the Moscow Region" DSc, professor (Moscow, Russia)
15:00-15:15	Treatment of Ewing's sarcoma.	Korhan Ozkan , Professor of the Ataşehir Acibadem Clinic (Turkey)
15:15-15:30	Syndrome of osteopenia and osteoporosis in children.	Irina Nikolaevna Zakharova , professor, Honored Doctor of Russia, Head of the Department of Pediatrics, Russian Medical Academy of Continuous Professional Education, Ministry of Health of Russia, Honorary Professor of RSSPMCP, DSc (Moscow, Russia)
15:30-15:45	Constipation in children: how to solve the problem?	Altinoy Tursunbaevna Kamilova , DSc, professor (RSSPMCP, Uzbekistan)
15:45-16:00	Recurrent lower respiratory tract infections. What to do?	Shamsiev Furkat Mukhitdinovich , Doctor of Medical Sciences, Professor (RSSPMCP, Uzbekistan)
16:00-16:10	Formation of healthy eating habits in preschool children.	Inobat Mukhamedzhanova Akhmedova , DSc (CDPQMW, Uzbekistan)

Time	Presentation Title	Speaker
16:10-16:25	Respiratory syndrome in children with cerebral palsy. Diagnostic and treatment approaches.	Sagira Toksanbaevna Abdrakhmanova , Head of the Department of Pediatric Diseases, Medical University Astana, Vice-President of the Eurasian Association of Pediatricians and Neonatologists, DSc, L.N. Skuchalina, R.R. Aishauova (Astana, Kazakhstan)
16:25-16:35	Celiac disease in clinical examples. Difficulties in diagnosis.	Elena Vladimirovna Loshkova , Senior Researcher, Scientific and Organizational Department, State Budgetary Healthcare Institution of the Moscow Region, Scientific Research Institute of Childhood, (Moscow, Russia)
16:35-16:45	Kidney involvement in juvenile idiopathic arthritis.	Ilkham Asamovich Karimdzhonov , DSc, professor, M.Sh. Madaminova (TMA, Uzbekistan)
16:45-16:55	Perspectives on the use of mare's milk (Saumal) in pediatric practice.	Abdugani Tadzhibaevich Musaev , professor of Kazakh National Medical University named after S.D. Asfendiyarov (Almaty, Kazakhstan)
16:55-17:05	Sarcopenia — a new and little-known problem in pediatrics.	Anna Nikitichna Zavyalova , Associate professor of the Department of Propedeutics of Children's Diseases with a course of general child care, SPbSPMU, DSc, M.N. Yakovleva, V.P. Novikova, I.A. Lisitsa, L.A. Firsova (Saint Petersburg, Russia)
17:05-17:20	Preferred treatment regimen for bronchial asthma in children according to GINA recommendations.	Nigora Davlyatovna Azizova , DSc (RSSPMCP, Uzbekistan)
17:20-17:30	The importance of communication skills in pediatric practice.	Olga Viktorovna Komarova , Deputy Director of the National Medical Research Center for Children's Health, DSc (Moscow, Russia) ONLINE
17:30-17:40	ARVI with bacterial complications, principles of therapy.	Visolakhon Shavkatovna Rakhimova , PhD (CDPQMW, Uzbekistan)
Discussion		

Sectional Meeting №3
MODERN APPROACHES TO THE DIAGNOSIS AND TREATMENT OF EAR, THROAT, AND VOICE DISEASES IN CHILDREN USING INNOVATIVE TECHNOLOGIES OF COCHLEAR AND RECONSTRUCTIVE SURGERY

13:00-16:30

Venue: Syrdarya-1-2 hall (1st floor)

Time	Presentation Title	Speaker
Cochlear Implantation in Children		
Moderators: Prof. Milan Profant (Slovakia), D.M.Sc. Abd McKayumov A.A. (Uzbekistan), Prof. Amonov Sh.E. (Uzbekistan), Prof. Arifov S.S. (Uzbekistan)		
13:00-13:10	Comprehensive approach to managing children with hearing pathologies in Uzbekistan.	Abd McKayumov Abdumannop Abdumajitovich , DSc. (RSSPMCP, Uzbekistan)
13:10-13:20	My experience of 700 cochlear implant surgeries.	Mahmut Tayyar Kalcioğlu , Head of the ENT Department, Istanbul Medeniyet University, professor (Istanbul, Turkey)
13:20-13:30	Poor academic performance in deaf children with cochlear implants.	Milan Profant , Head of the ENT and Head and Neck Surgery Department, Comenius University in Bratislava, Professor (Slovakia)
13:30-13:40	Increasing access to cochlear implantation.	Vladislav Evgenievich Kuzovkov , Deputy Director for Innovation, St. Petersburg Research Institute of Ear, Throat, Nose, and Speech, Ministry of Health of the Russian Federation (St. Petersburg, Russia)
13:40-13:50	Cochlear implantation cases.	Ozğur Yigit , Head of the Şişli Hamidiye Etfal Research and Education Clinic, professor (Istanbul, Turkey)
13:50-14:00	Vibrant Implantation.	Çağlar Batman , Head of the ENT and Head and Neck Surgery Department, Academic Hospital, Professor (Turkey)
14:00-14:10	Cochlear implantation in a child with CHARGE syndrome.	Diab Hassan Mohamad Ali , Deputy Director for International Relations and Innovation, Federal State Budgetary Institution "The National Medical Research Center for Otorhinolaryngology of the Federal Medico-Biological Agency of Russia", Olimov J.A. (RSSPMCP, Uzbekistan)
Voice Disorders in Children and Modern Approaches to Laryngeal Pathology		
Moderator: prof. Haldun Oğuz (Turkey), D.M.Sc. Makhmadaminova Sh.A., prof. Karabayev Kh.E. (Uzbekistan)		
14:10-14:20	Introduction and overview of voice disorders in children.	Haldun Oğuz , President of the European Union of Phoniatrists (UEP), professor (Turkey)
14:20-14:30	Diagnosis of voice disorders in children.	Ramil Khashimli , Head of the Phoniatics Department, ENT Hospital, Associate professor (Azerbaijan)
14:30-14:40	Common voice problems in children — examples from practice.	Haldun Oğuz , President of the European Union of Phoniatrists, professor (UEP)

Time	Presentation Title	Speaker
Cochlear Implantation in Children		
14:40-14:50	Surgical treatment of voice disorders.	Ramil Khashimli , Associate professor, Head of the Phoniatrics Department, ENT Hospital (Azerbaijan)
14:50-15:00	Behavioral treatment of voice disorders.	Ilter Denizoglu , Associate professor, Faculty of Health Sciences, Tinaztepe University, and Dokuz Eylül University (Turkey)
15:00-15:10	Innovations in medicine and ENT in Egypt.	Hesham Mohamed Ahmed , professor of Cairo Medical University, Head of the ENT and Head and Neck Department (Egypt)
15:10-15:20	Functional dysphonia: modern methods of diagnosis and treatment.	Khaidarova Gavkhar Saidakhmatovna , Associate Professor of Otorhinolaryngology, MD (Uzbekistan).
Reconstructive Surgery in Otorhinolaryngology		
Moderator: prof. Caglar Batman (Turkey), prof. Arifov S.S. (Uzbekistan), P prof. Kuzovkov V.E. (Russia)		
15:20-15:30	Tympanoplasty.	Mahmut Tayyar Kalcioğlu , Head of the ENT Department, Istanbul Medeniyet University, Professor (Istanbul, Turkey)
15:30-15:40	Modern approach to the diagnosis and treatment of schwannomas of the VIII cranial nerve.	Amonov Shavkat Ergashovich , DSc, professor, Head of Otorhinolaryngology Department at TashPMI (Uzbekistan)
15:40-15:50	Tuboplasty of the eustachian tube.	Caglar Batman , Head of the ENT and Head and Neck Surgery Department, Academic Hospital, professor (Turkey)
15:50-16:00	Characteristics and treatment of benign tumors in children.	Khurram Esankulovich Karabayev , professor of the ENT Department, TashPMI (Uzbekistan)
16:00-16:10	Surgical treatment of head and neck tumors in children.	Igor Nikolaevich Voroztsov , Head of the Pediatric Oncology and Head and Neck Surgery Department, Deputy Director of the Dmitry Rogachev National Medical Research Center of Pediatric Hematology and Oncology (Moscow, Russia)
16:10-16:20	Modern approaches to the initial therapy of allergic rhinitis.	Konstantin Grigoryevich Dobretsov , Director of the Institute of Olfaction and Olfactory Pathology, DSc., ENT Surgeon (Moscow, Russia)
Discussion		

14:30–17:30

Venue: Conference hall of TashPMI

Moderators: Kholostova V.V., DSc (Russia), Abdusamatov B.Z., DSc (Uzbekistan),
Yuldashev R.Z., DSc (Uzbekistan)

Time	Presentation Title	Speaker
14:30-15:00	Abdominal Cavity Masses in Children	Al-Mashat Namir Adnanovich , Assistant professor, Department of Pediatric Surgery named after Yu.F. Isakov Pirogov Russian National Research Medical University, Ministry of Health of Russia, PhD (Moscow, Russia)
15:00-15:30	Pediatric Urology	Vasily Sergeevich Shumikhin , Head of the Department of Neonatal Surgery and Premature Infants, N.F. Filatov Children's Clinical Hospital, PhD, Associate professor (Moscow, Russia)
15:30-16:00	Pediatric Coloproctology	Pavel Mikhailovich Yarustovsky , Assistant professor, Department of Pediatric Surgery named after Yu.F. Isakov Pirogov Russian National Research Medical University, Ministry of Health of Russia, PhD (Moscow, Russia)
16:00-16:30	Repeat Surgeries in Pediatric Coloproctology	Victoria Valeryevna Kholostova , DSc, Department of Pediatric Surgery named after Yu.F. Isakov Pirogov Russian National Research Medical University, Ministry of Health of Russia (Moscow, Russia)
16:30-17:00	Neonatal Surgery	Vasily Sergeevich Shumikhin , Head of the Department of Neonatal Surgery and Premature Infants, N.F. Filatov Children's Clinical Hospital, PhD, Associate professor (Moscow, Russia)
17:00-17:15	Intestinal Invagination in Children: Modern Surgical Tactics	Gofurjon Akhmadovich Maksumov (RSC EMC, Uzbekistan)
Discussion		

October 5, 2024

Sectional Session No. 5

CURRENT DIRECTIONS IN PEDIATRICS DEVELOPMENT: MEASURES TO IMPROVE AND ENSURE HIGH-QUALITY MEDICAL CARE FOR CHILDREN

09:00-17:30

Venue: RSSPMCP, main conference hall

Moderators: prof. Shamsiev F.M. (Uzbekistan), prof. Kondratyeva E.I. (Russia),
prof. Kamilova O.T. (Uzbekistan), Ahmedova I.M., DSc (Uzbekistan)

Time	Presentation Title	Speaker
09:00–09:15	Wheezing syndrome in children: optimizing treatment.	Shamsiev Furkat Mukhitdinovich , DSc., professor, Muratova K.R., Sharipova N.P. (RSSPMCP, Uzbekistan)

Time	Presentation Title	Speaker
09:15–09:30	Differential diagnosis of arthritis in children.	Kostik Mikhail Mikhailovich , professor of the Department of Hospital Pediatrics, St. Petersburg State Pediatric Medical University, DSc. (St. Petersburg, Russia)
09:30–09:45	Opportunities of nuclear studies in the comprehensive diagnosis of hepatocellular carcinoma.	Inoyatova Flora Ilyasovna , MD, Academician of the Academy of Sciences of Uzbekistan (RSNPMTSP, Uzbekistan), Yusupalieva Gulnara Akmalovna , MD (TashPMI, Uzbekistan).
09:45–10:00	Aspects of pathogenetic treatment in children with spinal muscular atrophy.	Shugareva Lyudmila Mikhailovna , professor of the Department of Pediatric Neuropathology and Neurosurgery, North-Western State Medical University named after I.I. Mechnikov (St. Petersburg, Russia) ONLINE
10:00–10:15	Modern approaches to juvenile arthritis therapy.	Kostik Mikhail Mikhailovich , professor of the Department of Hospital Pediatrics, St. Petersburg State Pediatric Medical University, DSc. (St. Petersburg, Russia)
10:15–10:30	Breast milk: how it works!	Ukrainev Sergey Evgenievich , Assistant of the Department of Pediatrics, Peoples' Friendship University of Russia (Moscow, Russia)
10:30–10:45	Differential diagnosis and treatment of allergic rhinitis in children.	Chebotareva Tatyana Alexandrovna , professor of the Department of Pediatric Infectious Diseases, RMACPE, D.Sc. (Moscow, Russia) ONLINE
10:45–11:00	Celiac-related diseases: review of studies and results.	Umarnazarova Zulhumor Ernazarovna , DSc, Kamilova A.T. (RSSPMCP, Uzbekistan)
11:00–11:30	Coffee Break	
11:30–11:45	Innovative technologies in diet therapy for cow's milk protein allergy.	Ahmedova Inobat Mukhammadzhanovna , DSc. (CDPQMW, Uzbekistan)
11:45–12:00	Vitamin D supply among healthy children: modern prevention approaches.	Loshkova Elena Vladimirovna , Senior Researcher, Scientific and Organizational Department, State Budgetary Healthcare Institution of the Moscow Region, Scientific Research Institute of Childhood, (Moscow, Russia)
12:00–12:15	Traditional and new methods of treating IBD.	Kornienko Elena Alexandrovna , Head of the Department of Gastroenterology, St. Petersburg Pediatric Medical University (St. Petersburg, Russia) ONLINE

Time	Presentation Title	Speaker
12:15–12:30	Tactics of managing ARVI in children: from symptoms to rehabilitation.	Mirsalikova Nargis Khayrullayevna , DSc. (RSSPMCP, Uzbekistan)
12:30–12:45	Immunogenetic forecasting algorithm for Alport syndrome complications in children.	Rakhmanova Lola Karimovna , DSc, professor, Karimdzhanov I.A., Boltaboeva M.M. (TMA, Uzbekistan)
12:45–13:00	Cardiovascular risks in children with CKD: current identification principles.	Kozyro Inna Alexandrovna , professor of the 1st Department of Pediatrics, Belarusian State Medical University, DSc., Prokhorova I.S. (Minsk, Belarus) ONLINE
13:00–14:00	Lunch	
14:00–14:10	Laboratory capabilities of molecular genetic diagnostics of bronchopulmonary pathology in children.	Zakirova Umida Irkinovna , DSc. (TMA, Uzbekistan)
14:10–14:20	Microbiota in children with various pathologies.	Agayeva Gulnaz Telman , Associate professor of the Department of Pediatric Diseases, Azerbaijan Medical University (Baku, Azerbaijan)
14:20–14:30	Influence of the digital social environment on adolescents.	Nikishina Vera Borisovna , D.P.Sc., professor, Director of IKPSR, Pirogov Russian National Research Medical University, Ministry of Health of Russia, PhD (Moscow, Russia) ONLINE
14:30–14:40	Rare diseases in Uzbekistan – opportunities for medical care and social support.	Belyakov Denis Vladimirovich , Executive Director of the Union of Patients and Patient Organizations for Rare Diseases (Moscow, Russia)
14:40–14:50	Clinic and diagnostics of children with hypermobility syndrome.	Alimukhamedova Feruza Shavkatovna , PhD, (RSSPMC of Traumatology and Orthopedics, Uzbekistan)
14:50–15:00	Comparative analysis of macro- and microelements in children with Down syndrome.	Zufarova Nodira Ibrokhim kizi (TashPMI, Uzbekistan)
15:00–15:10	Clinical and paraclinical characteristics of congenital myopathy in a comparative aspect with Duchenne myopathy.	Omonova Umida Tulkinovna , Zainutdinova D.R. Shagiyasova Zh.A. (Tashkent, Uzbekistan)
15:10–15:20	Dynamics of nutritional status in children with celiac disease.	Azimova Noiba Dzhamalitdinovna (RSSPMCP, Uzbekistan)
15:20–15:30	Genetics of early chronic diarrhea.	Ashirmetova Nazokat Boburovna (RSSPMCP, Uzbekistan)
15:30–15:40	Treatment of steroid-resistant nephrotic syndrome.	Khamzaev Komilzhon Amirovich (TashPMI, Uzbekistan)

Time	Presentation Title	Speaker
15:40–15:50	Renal replacement therapy in children with kidney damage.	Mamatqulov Bahrom Bosimovich (TashPMI, Uzbekistan)
15:50–16:00	Classification of microelementoses in children.	Rasulov Sa'dulo Kurbanovich (SamSMU, Uzbekistan), Bakhramov S.M. (CDPQMW, Uzbekistan)
16:00–16:10	Genetic characteristics of M. Tuberculosis in children.	Saifutdinov Zayniddin Asamutdinovich (RSSPMCP, Uzbekistan)
16:10–16:20	Clinical-functional and molecular-genetic features of rickets-like diseases in children.	Abidova Malika Davron kizi (TashPMI, Uzbekistan)
16:20–16:30	Neurophysiological aspects of enuresis in children.	Salikhova Saodatkhon Mukhamadkhanovna (Tashkent, Uzbekistan)
	Discussion and recommendations. Adoption of the resolution. Closing of the congress.	

Sectional Session No. 6
MODERN APPROACHES AND INNOVATIONS IN THE SURGICAL TREATMENT
OF CONGENITAL AND ACQUIRED DISEASES IN CHILDREN

09:00-11:30

Moderators:

Prof. Razumovsky A.Y. (Russia), Kholostova V.V. DSc (Russia),

Rakhmatullaev A.A., DSc (Uzbekistan)

Venue: RSSPMCP, small conference hall

Time	Presentation Title	Speaker
09:00-09:20	Surgery of the hepato-pancreato-biliary zone in children	Alexander Yurievich Razumovsky , Head of the Department of Pediatric Surgery named after Yu.F. Isakov Pirogov Russian National Research Medical University, Corresponding Member of the RAS, DSc, professor (Moscow, Russia)
09:20-09:35	Percutaneous nephrolithotripsy in children	Akmal Abadbekovich Rakhmatullaev , DSc, Agzamkhodjaev S.T., Abdullaev Z.B., Ergashev K.T. (TashPMI, Uzbekistan)
09:35-09:50	Transscrotal orchiopexy for bilateral cryptorchidism in children	Nail Ramilevich Akramov , DSc, professor Kazan State Medical University (Kazan, Russia); Rakhmatullaev A.A., Israilov A.A. (TashPMI, Uzbekistan)
09:50-10:05	Chronic urinary tract infection in patients with anorectal malformations	Daria Sergeevna Tarasova , Assistant of the Department of Pediatric Surgery and Urology-Andrology, Sechenov University, PhD (Moscow, Russia)
10:05-10:20	Results of surgical treatment of anorectal defects in children	Allonazarov Zhasur Otazonovich (Tashkent, Uzbekistan)

Time	Presentation Title	Speaker
10:20-10:35	Clinical informativeness of cytokines in assessing the severity of NEC in premature newborns	Mukhlisa Shavkatovna Rustamova (TMA, Uzbekistan)
10:35-11:00	Discussion	
11:00-11:30	Coffee break	

Sectional Session No. 7
MODERN APPROACHES AND INTERNATIONAL COOPERATION IN
RECONSTRUCTIVE SURGERY AND OTORHINOLARYNGOLOGY, TAKING INTO
ACCOUNT REGIONAL FEATURES
08:30-12:30
Venue: RSSPMCP, Hepatology Department Conference Hall

Time	Presentation Title	Speaker
Reconstructive Surgery in Otorhinolaryngology		
Moderators: P		
prof. U. Khasanov (Uzbekistan), prof. Sh.E. Amonov (Uzbekistan), prof. Yoon Insik (Korea)		
09:00-09:10	Periorbital management of patients with facial nerve palsy.	prof. Yoon Insik , Yonsei University (Korea)
09:10-09:20	Facial appearance correction through corrective orthognathic surgery.	Kim Taeho , Yonsei University (Korea)
09:20-09:30	Management of patients with microtia.	Zafarov Murod Mirzokhidovich , Pediatric Plastic Surgeon at Chinor Medical Center, Ph.D., Khasanov Ulugbek Saidakramovich , RSSPMCO&HND, prof. (Uzbekistan)
09:30-09:40	Audiological examination protocol.	Dr. Ravi Kumar , Hearing Care Hospital (India)
09:40-09:50	Diagnosis and treatment of frequently ill children in outpatient settings.	Kulimbetov A.S. , Toktarbai S.K., Yegemberdi M.A., Duysen S.D.
09:50-10:00	Supraglottoplasty for the treatment of laryngomalacia.	Hesham Mohamed Ahmed , Professor of Cairo Medical University (Egypt)
10:00-10:10	Revision rhinoplasty - Modern approaches and total nasal septum reconstruction.	Mezahir Dayandur Guliyev , PhD., Azerbaijan State Institute for Doctor Improvement (Azerbaijan)
10:10-10:20	Post-traumatic laryngeal stenosis, our treatment experience.	Begungutova Zhanel , LOR Center Dauys (Kazakhstan)
10:20-10:30	Voice rehabilitation after strumectomy.	Nukusbekova Gulnur Isbasarovna (Kazakhstan)
The Role of International Relations in Developing Approaches to Complex Ear and Skull Base Pathology		

Time	Presentation Title	Speaker
Reconstructive Surgery in Otorhinolaryngology		
Moderator: prof. H. Diab (Russia), Abdukayumov A.A., DSc (Uzbekistan), prof. Amonov Sh.E. (Uzbekistan)		
10:30-10:40	Otoneurosurgical approaches in treating patients with ear and skull base pathology.	Diab Hassan Mohammad Ali , Deputy Director for International Relations and Innovation, Federal State Budgetary Institution "The National Medical Research Center for Otorhinolaryngology of the Federal Medico-Biological Agency of Russia", prof. (Russia)
10:40-10:50	Reconstruction of the ossicular chain using bone cement.	Chaglar Batman , Head of ENT and Head and Neck Surgery Department, Academic Hospital (Turkey)
10:50-11:00	Early diagnosis of deafness and neonatal screening.	Abdulmonem Al Sheikh , Head of ENT and Head and Neck Surgery, King Fahd Hospital (Saudi Arabia)
11:00-11:10	Our experience in treating tympanosclerosis.	Khasanov Ulugbek Saidakramovich , Director of RSPMCO&HND, Prof., Ergashev Ulugbek Murodovich , Deputy Director, RSPMCO&HND (Uzbekistan)
11:10-11:20	Cochlear implantation in children: our experience.	Abdukayumov A.A. , DSc, Musaev A.A. (RSPMCP, Uzbekistan)
11:20-11:50	Coffee break	
ENT Issues Considering Regional Characteristics		
Moderator: prof. Sh.E. Amonov		
11:50-12:00	Middle ear and hearing function in children with cleft palate.	Baltabaev Olimzhan Kurbanbaevich (Tashkent State Institute of Dentistry, Uzbekistan)
12:00-12:10	The role of the antioxidant system in sensorineural hearing loss in patients post-COVID-19 infection.	Mirazizova Dillola Ravshanovna (Tashkent State Institute of Dentistry, Uzbekistan)
12:10-12:20	Diagnosis of allergic rhinosinusitis among the population of the Aral Sea region.	Bekeev Zhemisbay Kengesbayevich (Samarkand State Medical University, Uzbekistan)
12:20-12:30	Results of functional nasal cavity condition research in children with congenital cleft lip and palate.	Nabiyeva Jamilya Malikovna (Tashkent State Institute of Dentistry, Uzbekistan)
12:30-12:40	Clinical and audiological characteristics of patients with chronic suppurative otitis media.	Isakova Yulduz Nuriddinovna , Postgraduate student (SamMI, Uzbekistan)

Time	Presentation Title	Speaker
Reconstructive Surgery in Otorhinolaryngology		
12:40-13:00	Clinical and diagnostic features of eustachian tube dysfunction in children with adenoid hypertrophy.	Usmanova Nilufar Abdusaidovna , Postgraduate student (Tashkent State Institute of Dentistry, Uzbekistan)
13:00-14:00	Lunch	

SATELLITE CONFERENCES

Satellite Conference No. 1

ADVERSE FOOD REACTIONS: FOCUS ON FOOD ALLERGIES AND INTOLERANCE

Moderators: prof. Dzhambekova G.S. (Uzbekistan), prof. Kondratyeva E.I. (Russia)

14:00-16:30

Venue: RSCPCMCS, Neonatology Department Conference Hall

Time	Presentation Title	Speaker
14:00-14:15	Food allergy. Practical importance of molecular diagnostics.	Dzhambekova Gulnara Suleymanovna , Deputy Director for Research work, International Center for Molecular Allergy, DSc (Tashkent, Uzbekistan)
14:15-14:45	Why don't enzymes work?	Elena Ivanovna Kondratyeva , Head of the Scientific and Clinical Department of Cystic Fibrosis, Head of the Department of Genetics of Respiratory Diseases Institute of Higher and Continuing Professional Education of the Federal State Budgetary Scientific Institution "Medical Genetics Research Center", Deputy Director for Science "Research Clinical Institute of Childhood of the Ministry of Health of the Moscow Region" DSc, professor (Moscow, Russia)
14:45-15:00	International guidelines and innovations for children with cow's milk protein allergy.	Garib Viktoriya Firuzovna DSc, Mirzaev O.S., Mamadjanov B.N., Dzuraev A.A., Gracheva N.Yu., Magbulova N.A., Kim S.A., Katsamaki S.P., Levitskaya Yu.V. (International Center for Molecular Allergy, Uzbekistan)
15:00-15:15	Uzbekistan's first steps in gluten-free product certification.	Geller Svetlana Igorevna , Kamilova A.T., Abdullaeva D.A., Umarnazarova Z.E., Shamsutdinova M.A., Rakhmatov M.Kh., Azizova G.K., Azimova N.D., Usmanova K.Sh. (RSSPMCP, SEW and PHS (Uzbekistan)
15:15-15:30	Innovations in the diagnosis of cow's milk allergy.	Magbulova N.A. , Head of the Molecular Standardization of Allergens Laboratory (Uzbekistan)
15:30-15:45	Food intolerance in pediatric practice.	Dzhambekova Gulnara Suleymanovna , Deputy Director for Research, International Center for Molecular Allergy, DSc (Tashkent, Uzbekistan)

Time	Presentation Title	Speaker
15:45-16:10	Masterclass: Algorithm for selecting therapeutic formula for CMPA.	Dzhambekova G.S. , MD, PhD (International Center for Molecular Allergy, Uzbekistan)
16:10-16:30	Questions and Discussion	

Satellite Conference No. 2
IS THERE STILL ROOM FOR INNOVATION IN CHILD NUTRITION?
15:00-16:20

Moderators: Z.E. Umarnazarova, DSc (Uzbekistan)

Venue: Hyatt Regency Tashkent

Time	Title of the Presentation	Speaker
15:00-16:00	Is There Still Room for Innovation in Child Nutrition.	Sergey Evgenievich Ukraintsev , Assistant of the Department of Pediatrics, Peoples' Friendship University of Russia named after P. Lumumba. (Moscow, Russia)
16:00-16:20	Questions and Discussion	

MASTER CLASSES

October 5, 2024

Masterclass №1
VIDEO-ASSISTED SURGERY FOR ANORECTAL AND BILIODIGESTIVE PATHOLOGIES

09:00-15:00

Venue: RSSPMCP, Department of Pediatric Surgery

Moderators: Kholostova V.V., DSc (Russia), Rakhmatullaev A.A., DSc (Uzbekistan), Yuldashev R.Z., DSc (Uzbekistan)

Time	Surgery Title	Surgeon(s)
09:00-11:00	Sagittal anorectoplasty with protective sigmoidostomy.	Kholostova V.V., Dehkonboev A.A., Ahmadjonov A.M.
09:00-11:00 2-hall	Video-assisted anorectoplasty.	Kholostova V.V., Al-Mashat N.A., Yarustovsky P.M.
11:00-11:20	Coffee Break	
11:30-13:00	Biliodigestive anastomosis in the cystic transformation of the choledochus.	Razumovsky A.Yu., Yuldashev R.Z.
14:00-15:00	Video-assisted resection of the large intestine using the Soave-Georgeson method.	Kholostova V.V., Dehkonboev A.A., Ahmadjonov A.M.

Masterclass №2

CURRENT ISSUES IN PHONIASTRY

10:00-17:00

Moderators: prof. Makhmadaminova Sh.A. (Uzbekistan),
Associate Prof. Ilter Denizoglu (Turkey)

Venue: Republican Specialized Scientific and Practical Medical Center of Otorhinolaryngology and Head and Neck Diseases (RSSPMCO&HND)

Time	Topic	Speaker(s)
10:00-10:30	Anatomy and physiology of phonation.	Haldun Oğuz
10:30-10:50	Methods of diagnosing voice disorders.	Ramil Khashimli
10:50-11:20	Benign lesions of the vocal cords.	Haldun Oğuz
11:20-11:30	Discussion	
11:30-12:00	Coffee Break	
12:00-12:10	Voice disorders in children and their correction possibilities.	Ramil Khashimli
12:10-12:30	Treatment of laryngeal paralysis.	Haldun Oğuz
12:30-12:50	Precancerous lesions of the vocal cords.	Prof. Ramil Khashimli
12:50-13:10	Laryngeal papillomatosis.	Haldun Oğuz
13:10-13:20	Discussion	
13:20-14:20	Lunch	
14:20-17:00	Doctor Vox voice therapy method.	Haldun Oğuz Ilter Denizoglu

Masterclass №3

VENOUS ACCESS IN NEWBORNS: MODERN TECHNIQUES AND APPROACHES

09:00-12:00

Moderators: Salikhova K.Sh., DSc (Uzbekistan), Abdurakhmanova F.R., PhD (Uzbekistan)

Venue: RSSPMCP, Neonatology Conference Hall

Time	Topic	Specialist
09:00-12:00	Ensuring venous access in newborns.	Aksenov Denis Valerievich

October 6, 2024

Masterclass №4

VIDEO-ASSISTED CORRECTION OF ANORECTAL PATHOLOGIES AND HIRSCHSPRUNG'S DISEASE

09:00-15:20

Moderators: Kholostova V.V., DSc (Russia), Rakhmatullaev A.A., DSc (Uzbekistan),
Yuldashev R.Z., DSc (Uzbekistan)

Venue: RSSPMCP, Department of Pediatric Surgery

Time	Surgery Title	Surgeon(s)
09:00-11:00	Repositioning of the colon using the Soave method for a complicated form of Hirschsprung's disease.	Kholostova V.V., Dehkonboev A.A., Ahmadjonov A.M.
11:20-13:20	Video-assisted anorectoplasty.	Kholostova V.V., Al-Mashat N.A., Yarustovsky P.M.
14:00-16:00	Video-assisted anorectoplasty.	Kholostova V.V., Dehkonboev A.A., Ahmadjonov A.M.

Poster Presentations

Date: 4-5 October 2024

Venue: 4 October - Inter-Continental Tashkent (Trilliant)
5 October - RSSPMCP, Lobby of the Main Conference Hall

Time: 09:00-16:00 (for all topics)

No.	Presentation Title	Speakers
1	Clinical features of febrile seizures, based on the relationship of neurological and somatic status in children.	Abdusattarova G.S., Turaeva G.N., Madjidova Y.N.
2	Clinical features of the course of a new coronavirus infection in children infected with various strains of SARS-CoV-2.	Inoyatova F.I., Abdullaeva M.A.
3	Immunogenetic mechanisms influencing the progression of chronic HBV infection in children.	Inoyatova F.I., Abdullaeva F.G.
4	Health and lifestyle of modern students.	Abdujabarova Z.M., Gafarova F.M., Melieva Z.U.
5	Dynamics of the prevalence of non-communicable diseases among adolescents in the Namangan region.	Abdujabarova Z.M., Mullaeva L.J., Mirzaliev A.S.
6	Incidence and diagnostic features of congenital heart defects with community-acquired pneumonia in children.	Azizova N.D., Musajanova R.A., Andapulatov A.A.
7	Clinical-laboratory and instrumental features of prolonged community-acquired pneumonia in children.	Akhmedova N.R., Atabaeva O.F.
8	Levels of cardiospecific markers in children with various types of juvenile arthritis.	Akhmedova N.R., Saidaliev F.Sh.
9	The role of IGF-1 in the physical development of children with cystic fibrosis.	Alyaviya M.N., Akhmedova D.I., Aripov A.N., Khudoyorova Z.S.

No.	Presentation Title	Speakers
10	Computer spectral analysis of the voice with vocal fold nodules.	Aliyeva M.U., Nadzhimutdinova N.Sh., Abdukayumov A.A., Saidakhmedov S.B.
11	Morphological characteristics of the mucosa in children with polypoid rhinosinusitis.	Alimova D.D.
12	Molecular-genetic predictors of chronic bronchitis in children: Focus on IL-4 and IL-6 polymorphisms.	Aripova Sh.Kh., Shamischev F.M., Musajanova R.A., Karimova M.Kh.
13	Features of cognitive impairment in children with delayed speech development.	Berdieva Kh.U., Sadykova G.K.
14	Viral relationships in chronic mixed hepatitis HBV+HCV and HBV+HCV+HDV in children.	Inoyatova F.I., Valieva N.K.
15	Analysis of the organization of medical care for children under one year of age according to morbidity, mortality and routing of hospitalized patients.	Gafarova F.M., Abdujabarova Z.M., Anvarova M.D.
16	Comprehensive diagnosis and treatment of chronic rhinosinusitis in children.	Idiev Z.Z., Abdukayumov A.A., Nazirov F.N.
17	Polymorphisms +49A>G and +318C>T of the CTLA-4 gene and their prognostic risk for HBV-induced liver cirrhosis in children.	Inoyatova F.I., Inogamova G.Z.
18	Diagnostic priorities of the cytokine signaling module of hepcidin-25 peptide transcription regulation in children with chronic hepatitis B and refractory anemia.	Inoyatova F.I., Ikramova N.A.
19	Cytokine profile in premature infants with apnea.	Khudayberdieva Sh.N., Ikromova Z.Kh.
20	The role of cytokines in the development of tympanosclerosis.	Ismatova K.A.
21	Significance of HFE gene allele mutations in the course of chronic hepatitis B in children.	Inoyatova F.I., Kadyarkhojaeva Kh.M.
22	Health characteristics of children who have had coronavirus infection.	Kodirova M.O., Kadirkhuzhaeva Sh.Zh.
23	Monitoring tactics for school-aged children with cochlear implants.	Karimov Zh.S., Inoyatova F.I., Nadzhimutdinova N.Sh.
24	Immunological shifts in children with acute obstructive bronchitis caused by atypical microflora.	Kudratova Z.E., Mukhamadieva L.A.
25	Situs inversus totalis: What to expect in patients?	Lazarevich A.A.
26	Features of cochlear implant processor tuning in children with inner ear abnormalities.	Makhmudov M.U., Inoyatova F.I., Nadzhimutdinova N.Sh., Madzhitova D.Sh.
27	Relationship between oral microbiota and autism spectrum disorder in children.	Marupova N.A., Ashurova D.T.

No.	Presentation Title	Speakers
28	Clinical case of connective tissue dysplasia in a child with rhythm and conduction disorders.	Muratkhodzhaeva A.V., Akhbarova F.M.
29	Health status during the vaccination process in children who have had Covid-19.	Mullaeva L.D., Gafarova F.M., Mukhamedova S.Kh.
30	The effectiveness of hearing-improving surgeries in children with chronic suppurative otitis media.	Nurmukhamedov F.B.
31	Comprehensive assessment of acute bronchiolitis in children: From symptoms to biochemical changes.	Pulotjonov M.M., Shamsiev F.M., Musajanova R.A.
32	Improvement of treatment for chronic scarring stenoses under the vocal section of the larynx and trachea using a T-stent in children.	Saidakhmedov S.B., Nadzhimutdinova N.Sh., Abdukayumov A.A., Aliyeva M.U.
33	Features of cardiovascular complications in children with type 1 diabetes after COVID-19 infection.	Sadirkhodzhaeva A.A., Ashurova D.T.
34	Paradigm of readability in modern textbooks.	Sadyvakasov A.U.
35	Features of the clinical course of chronic HBV infection in children against the background of cardiac pathology.	Inoyatova F.I., Son T.R.
36	Maternal diseases as a risk factor for congenital heart defects in children.	Turaeva Yu.Sh., Ashurova D.T., Faizullaeva N.Yu., Turaev B.B.
37	Selenium levels in critically ill children with systemic inflammatory response syndrome.	Tulegenova G.M., Aliyeva N.R.
38	Features of the psychological status of children with sensorineural hearing loss.	Usmanova S.B., Inoyatova F.I., Abdullaeva V.K., Nadzhimutdinova N.Sh.
39	Clinical-diagnostic features of cystic fibrosis in children.	Uzakova Sh.B., Inomov B.N.
40	Application of L. reuteri for functional digestive disorders in preterm infants.	Fazylova A.Sh., Akhmedova D.I., Khasanova S.S.
41	The effect of cytomegalovirus infection on kidney function in newborns.	Khazratkulova M.I., Ziyadullaeva Kh.O.
42	Health assessment of children born through assisted reproductive technologies.	Khusnidinova Kh.Kh., Ashurova D.T.
43	Protocol for microtia examination.	Kholmatov A.D., Inoyatova F.I., Nadzhimutdinova N.Sh., Rashidov Kh.Kh.
44	Antibiotic-associated diarrhea in early childhood.	Shavdirova G.M.
45	Analysis of the effects of combination therapy in children with systemic lupus erythematosus.	Ergashev Sh.B., Ashurova D.T.

No.	Presentation Title	Speakers
46	Analysis of diagnostic indicators of chronic tonsillitis combined with tics.	Egamberdieva Z.D.
